Factors affecting availability and performance

- (a) Network coverage and many other factors may affect the availability and performance of certain Products.
- (b) You must have a valid Vodafone Multi fit, Micro/Nano-SIM inserted in your Apple® iPad.
- (c) Certain Products, services and functions are only available if used in conjunction with a compatible device and if in a compatible coverage area. Not all devices are compatible with our network.

You can use Vodafone 4G if you have an eligible phone plan and have been switched over to the 4G network. To use 4G and 3G+ you'll also need a compatible device and be in a selected major metropolitan area. Outside these areas, you can still get Broadband Speeds in our 3G areas with the right device. To check this, make sure your device is compatible to the network zone you are in (U2100MHz, U850MHz or U900MHz). Remember that actual speeds you reach will vary depending on things like device capabilities, location & network congestion. Broadband Speeds not available in any 2G area. Actual speed achieved varies depending on factors such as device capabilities, location & network congestion. See **vodafone.com.au/coverage** for coverage. You agree to refer to **vodafone.com.au/coverage** for coverage details and **vodafone.com.au/devicefrequency** for details of devices and their frequencies before purchase, so that you can confirm that for your intended use of the services, your address/es are located in the appropriate Vodafone coverage areas and that the device you wish to select is compatible with the Vodafone coverage area where your address/es are located.
- (e) The Terms and brochures describing Products contain details regarding device compatibility, network capability and availability relating to the "Vodafone" network. Notwithstanding anything else in our contract with you, we may provide services to you using any telecommunications network we consider appropriate and that network will constitute "our network" for the purpose of the Terms, including (but not limited to) the "Vodafone" networks operated by, for or on behalf of Vodafone Network Pty Limited and Vodafone Australia Pty Limited. For more information about this network, see the coverage map available at www.vodafone.com.au/coverage
