Information about the service

NBN charges

New Development fee - this \$300 will be charged to your bill if NBN has to activate a connection for the first time at a premises it classifies as a 'new development'. Other fees such as Missed appointment fee, Cancelled appointment fee, Subsequent installation fee and No Fault found fee may apply to you. We may also pass on any administrative costs that Vodafone incur in providing you with assistance or arranging an appointment with NBN. Please see your Plan Details for more information.

Service description

Vodafone nbn™ is a fixed broadband data-only service ("NBN Service") that provides you with internet access via the National Broadband Network ("NBN Network") as supplied to us by NBN Co Limited ("NBN").

Equipment required

This Plan is only available with a Compatible Modem. You need to bring your own Compatible Modem in order to use this Plan. You can find the specifications of a Compatible Modem at vodafone.com.au. Please note that by signing up to this Plan your existing home phone line service will be terminated. When you connect to Vodafone nbn™ certain equipment or services at your premises may be impacted and no longer operate. These include medical devices, alarms, EFTPOS machines, lift emergency phones and some email or fax services. Please contact the equipment manufacturer or service provider if you are unsure. Vodafone does not offer Priority Assistance.

Service availability

The NBN Service is not available in all areas or to all premises. Availability is subject to a service qualification check which we will perform when you request to sign-up. The technology used to deliver the NBN Service will depend on the

connection between your premises and the NBN Network which includes: (1) Fibre to the Premises ('FTTP'); (2) Fibre to the Node ('FTTN'); (3) Fibre to the Building ('FTTB'); (4) Hybrid Fibre Coaxial ('HFC'); (5) Fibre to the Curb (FTTC). Your technology type will be explained when you sign-up.

Installation & Setup

There is no charge for standard Vodafone nbn™ installations. Vodafone do not offer nonstandard or professional installations. If advised by NBN that additional works such as trenching is required, you will need to arrange for and pay for any associated works directly via a third party. The new development charge of \$300 will apply to you if NBN has to activate a connection for the first time at a premises that is in a newly developed area or building. If applicable, we will apply that charge to your first bill following activation of the NBN Service at your premises. You must be over the age of 18 to have Vodafone nbn™ installed. If you are the owner of the property you must provide consent for NBN to install the NBN Service. If you are not the owner of the property or if you live in a strata property you must obtain owner consent or strata approval for installation.

Plan speed

Speeds on these plans are variable and you will experience slower speeds than the maximum connection speed available, particularly during peak times (7-11pm). For FTTB/FTTN technology, actual speeds will vary and can be confirmed once your NBN Service is activated. The performance and speed of your service depends on a number of factors such as: Plan choice, location, the number of devices connected to your network, modem type quality and positioning, Wi-Fi performance, in-building wiring, content accessed, the NBN technology used to deliver your NBN Service, how much capacity Vodafone has purchased from NBN, our network and internet traffic demand. To find out more information on speed and whether this plan is suitable for your usage needs, please refer to our Speed Guide at <http://vfau.co/speedguide>
