## Language

You will be asked to select the system language when powering on your watch for the first time. To change the system language when the watch is unpaired, swipe right 2 times from the Home screen and select a language.

# Download and install the app on your smartphone

To download the app you can:

- Search for "TCLMOVE" in the Google Play store (Android 4.3 and above), or App store (iOS 8.0 and above).
- Scan the following QR code.

## Creating and logging in to your account

Touch **Sign up** to create your TCLMOVE account and enter your email address and password to log in.

The login and sign up screen features a large blue circular logo at the top. Below it are two input fields: the first for email with an envelope icon, and the second for password with a lock icon. A link for "Forgot password?" is positioned to the right of the password field. A prominent blue "Log in" button is centered below the fields, with a "Sign up" link underneath it. At the bottom, a horizontal line separates the main content from social media options, which include the text "Or" and three circular icons for Facebook, Twitter, and Google+.

The sign up screen has a back arrow in the top left corner and a "Sign up" title. It contains three input fields: "Email" with an envelope icon, "Password" with a lock icon and a show/hide toggle, and "Enter password again" with a lock icon and a show/hide toggle. A blue "Sign up" button is centered below the fields. At the bottom, there is a line of text stating "I have read and agree with [Terms of Use](#) , [Privacy](#) and [Security](#)".

## Pairing

Make sure the SIM card is correctly inserted and internet is connected before pairing your watch with your phone. **G**, **E**, or **3G** will appear on the left top of your watch once connected to the internet.

## 1. Pair your watch with your phone

There are 2 ways to pair your watch with your phone.

- **Scan the QR code to pair your watch**

Swipe left from the Home screen of your watch to obtain the QR code when pairing the watch for the first time.

- **Enter the IMEI number to pair your watch**

The IMEI number is printed on a label on the device packaging. You can also swipe left from the Home screen of your watch to obtain the IMEI number when pairing the watch for the first time. Enter the IMEI number of your MOVETIME Family Watch and touch **Confirm** to pair your watch with your phone.

A verification code will be sent to your watch and will appear on screen. Enter the verification code and touch **Confirm**.

2. Enter your phone number.
3. Enter your relationship.

4. Enter your child's name and phone number (the phone number of the SIM inserted in the watch). Complete your child's personal information (profile picture, birthday, height, etc.) and touch **Done**.

Your child's personal information will appear as below:

The screenshot shows a mobile application interface titled "Child information". At the top, there is a blue header bar with a back arrow on the left and the title "Child information" in the center. Below the header, the form displays the following information:

- A circular profile picture of a child.
- The name "Lily" in a light blue font.
- The phone number "CN+86 18682016251" in a light blue font.
- A section with two icons: a magnifying glass over a person icon labeled "Girl" and a calendar icon labeled "2010-06-01".
- A section with two icons: a scale icon labeled "30 kg" and a height measurement icon labeled "130 cm".
- A blue "Save" button at the bottom.

Once the MOVETIME Family Watch has been successfully paired with your phone, you will be brought to the application main screen. The location of the watch will be displayed here on the map.
