

# Critical Information Summary

Welcome to Vodafone Messaging. Here you'll find some important info. It's a good idea to read it through, just so you're across everything. It'll help you understand things like how much you pay and what that gets you.

## Virtual Answering Service – 24/7 Escalation Support

**Information about the service.** Virtual Answering Service – 24/7 Escalation Support

Virtual Answering Service – 24/7 Escalation Support	Minimum term
A 24/7 Escalation Support Service is for businesses that must provide support to their customers around the clock, such as trades, security and technical support companies.	1 month
We will provide you with a local number which you can divert your mobile, landline, 1300 or 1800 number to. Call forwarding is controlled by you and can be permanent or occasional. All your calls will be answered in your company name by professionally trained, Australian-based agents.	
Our agents will determine that requests meet defined criteria (urgent/non-urgent) before commencing an escalation. The callers' information (name, contact number, details of request) will be taken down and immediately sent by SMS to your on-call staff, and a copy can also be sent by email. Messages can also be sent to a Vodafone Pager (additional fees apply for a Pager Service).	
The on-call person must confirm they have received the message by replying to the SMS, or by phoning your dedicated confirmation's line. If the message has not been confirmed in a certain period of time, our operator will continue escalation via an SMS or Phone list based on our provided and agreed escalation list. ,	
Your company details (business hours, address, website, phone number and email) will also be provided if requested by the caller.	

### Information about pricing
