Information about the service

No Excess Data charges in Australia

Once you exceed your included data allowance, you will receive data at speeds of up to 2 or 10Mbps. Heavy data users may experience slower speeds than other users during busy periods. Actual speeds you reach will continually vary depending on many factors such as device capabilities, location, network congestion, network coverage, if you are roaming, and if you are a heavy data user.

Tethering

Tethering permitted to personal devices only, but must not be used in a modem or as a substitute for a home internet service. For more information, check out our [speed guide](#).

Offers and promotions

Special promotional offers relating to your plan (if any) are not shown in this Critical Information Summary. To check your plan details including any applicable offers, please call 1555 from your Vodafone mobile, or call 1300 650 410 from any phone.

Phone

You must purchase a handset from Vodafone to use with this Plan and pay it off over 12, 24 or 36 interest-free monthly instalments (**MPP**). If you cancel this plan, your MPP will also automatically cancel and 100% of remaining MPP instalments will be applied to your next bill. Speak to us or check out our website to find out which phones you can get on Vodafone.

Sharing

If you have more than one Vodafone Infinite (excluding Ultra+ Plan) or Plus Plans on your billing account, the included data allowances on those services will automatically combine into one pool which will be shared between eligible users (data sharing is only available for up to 10 services, a maximum of 5 of which can be voice plans for personal customers, and only between the included data of other Vodafone Infinite Plans (excluding Ultra+ Plan) and Plus Plans). The data included in any plan on your account which is not a Vodafone Infinite Plan or Plus Plan is not shareable with this plan and vice versa. Excludes data capped at speeds of up to 2 or 10Mbps. You can opt-out of sharing altogether at any time by calling 1555.
