- (b) The terms and conditions that will apply to your Product or Products are:
 - a. All the terms and conditions provided to you when you agree to purchase a Product including the terms and conditions contained in this document, terms and conditions which are available online and which are identified as applying specifically to any element of your Plan (for example, if your Product is a MyMix Red Global Plan Product or MyMix Red Global SIM Only Product, Vodafone Qantas Points Terms and Conditions (or, for customers with an ABN/ACN, Vodafone Qantas Acquire Terms and Conditions) also apply and can be found at www.vodafone.com.au/doc/qantas-terms-and-conditions-092016.pdf (for non-business customers) or www.vodafone.com.au/doc/qantas-business-terms-and-conditions-092016.pdf (for business customers) and any terms and conditions contained in any application form you complete when purchasing a Product; and
 - b. All the terms and conditions contained in the Vodafone Standard Form of Agreement (**SFOA**), which is available at Vodafone.com.au (collectively, the "**Terms**").
- (c) When you agree to purchase a Product, you accept the Terms. Your contract with Vodafone commences on your acceptance of the Terms.
- (d) Some Products have a minimum contract term. If your contract is terminated before the end of this term, you may be required to pay fees, such as an Early Exit Fee or a handset recovery fee. Depending on the Product this may be in addition to any applicable handset payments and additional or excluded call, data or service costs. Early Exit Fees are set out in the pricing table for your Product.
- (e) Activation of your Product may occur after your contract has commenced. Any minimum contract term that applies commences when your Product is activated.
- (f) For Products which are not Month to Month Products, you may suspend your contract for between 1 and 3 consecutive calendar months once during the minimum contract term. You will be charged a fee for each month your contract is suspended. Your minimum contract term will be extended by the period of any suspension. However, Products in a Sharing Group may only be suspended if they are first removed from the Sharing Group and placed on their own stand-alone account by calling 1555.
- (g) Vodafone's Fair Use Policy applies to any unreasonable use of Plan inclusions. This includes use of any "unlimited" or "infinite" offerings. See www.vodafone.com.au/aboutvodafone/legal/fairusepolicy
- (h) The Terms may be changed by Vodafone from time to time. Vodafone will comply with relevant laws, regulations and industry codes if it makes any such changes.
- (i) For more information, call Vodafone on 1300 650 410 or visit Vodafone.com.au

2. Important Things You Need to Know

Availability

- (a) The Products are for personal or small to medium business use only, and are not available to large business/corporate and commercial customers. Large business/corporate and commercial customers should contact Vodafone for information about Vodafone's business products.
- (b) "Unlimited" or "Infinite" offerings in the Products are only for standard person-to-person national calls and standard TXT (excludes premium and special numbers) all when made within Australia. So to use these offerings all you have to do is make sure you'll be talking to another person, or using your fingers to TXT them. These offerings are not for you if you plan to do any of the following: multiple simultaneous calling, re-supply, call centre usage, telemarketing, bulk messaging, application-to-person communication, continuously call forwarding, auto-dialing, machine to machine communication (including by using your SIM in any other device), Cellular Trunking Units (CTUs), or any other activity which does not involve standard person-to person national calls and standard TXT (Non-Standard Usage).
- (c) Vodafone reserves the right to determine other activities to be Non-Standard Usage, where such activities are of a commercial nature and/or do not involve standard person-to person national calls and standard TXT that Vodafone considers to be non-standard usage.
- (d) The Products are available to credit approved customers only.
- (e) Unless otherwise stated, only one Vodafone Product can be used per connection to the Vodafone network.

Factors affecting availability and performance

- (a) Network coverage and many other factors may affect the availability and performance of certain Products.
- (b) Certain Products services and functions are only available if used in conjunction with a compatible mobile or other device and if in a compatible coverage area. Not all devices are compatible with Vodafone networks.
- (c) Broadband service: Some Vodafone 4G, 3G+ and 3G services are mobile broadband, internet, email, apps, downloading, video streaming and video calling. You can use Vodafone 4G if you have an eligible phone plan and have been switched over to the 4G network. To use 4G and 3G+ you'll also need a compatible device and be in a selected major metropolitan area. Outside these areas, you can still get Broadband Speeds in our 3G areas with the right device. To check this, make sure your device is compatible to the network zone you are in (U2100MHz, U850MHz or U900MHz). Remember that actual speeds you reach will vary depending on things like device capabilities, location & network congestion. Broadband Speeds not available in any 2G area. Actual speed achieved varies depending on factors such as device capabilities, location & network congestion. See vodafone.com.au/coverage for coverage. You agree to refer to vodafone.com.au/coverage for coverage details and vodafone.com.au/devicefrequency for details of devices and their frequencies before purchase, so that you can confirm that for your intended use of the services, your address/es are located in the appropriate Vodafone coverage areas and that the device you wish to select is compatible with the Vodafone coverage area where your address/es are located.
- (d) The Terms contain details regarding device compatibility, network capability and availability relating to the "Vodafone" network. However, notwithstanding anything else in our contract with you, we may provide services to you using any telecommunications network we consider appropriate and that network will constitute "our network" for the purpose of the Terms. For more information about the "Vodafone" network, see: <http://www.vodafone.com.au/network>

Terms & Conditions: Vodafone Postpaid Plans

Sharing

- (a) All Vodafone Postpaid Voice Plans released on or after 2 September 2106 (**Eligible Sharing Products**) are able to support data sharing on one billing account (**Sharing Group**).
- (b) From 31 August 2016, when an additional Eligible Sharing Product is added to an existing Eligible Sharing Product on the same billing account the two products will automatically form a Sharing Group. If you add any Vodafone Mobile Broadband Postpaid Product (except a Vodafone \$100 Mobile Broadband Month to Month Product, a Vodafone \$100 Mobile Broadband Postpaid 12 Month Product or a Vodafone \$100 Mobile Broadband 24 Month Product) to an existing Eligible Sharing Product on the same billing account, this Mobile Broadband Product will also form part of the Sharing Group and will be considered an Eligible Sharing Product for the purposes of these Terms and Conditions. A Sharing Group can have up to 10 Eligible Sharing Products.
- (c) The data allowances of Sharing Group will automatically combine into one pool which will be shared between eligible users on a first-in-first-served basis. For the avoidance of doubt, all non-data allowances (by way of example, international minutes or content options, if applicable) cannot be shared amongst the Sharing Group and will remain accessible only by the eligible user of each individual plan Product.
- (d) The Account Holder of an account with an active Sharing Group has visibility of the full account usage details of the entire Sharing Group, including itemized details of all call, text and data usage.
- (e) Only the Account Holder, who is the custodian of the PIN number for the account, can make changes to the account (including adding, removing or changing Eligible Sharing Products, or adding/removing any Add-Ons to the account, or purchasing hardware on the account).
- (f) Users of an Eligible Sharing Product in a Sharing Group who are not the Account Holder can:
 - a. View their personal account usage details;
 - b. View the aggregated usage details of the entire Sharing Group;
 - c. Receive Spend Alerts relating to the aggregated usage of the Sharing Group; and
 - d. Trigger excess or excluded usage charges and the Daily Charge for the \$5 Roaming service.
- (g) Users of an Eligible Sharing Product in a Sharing Group who are not the Account Holder cannot:
 - a. Access account details or personal information of the Account Holder or any other user of an Eligible Sharing Product in the Sharing Group;
 - b. Access individual usage details of any other user of an Eligible Sharing Product in the Sharing Group;
 - c. Make any changes to the account (including cancelling their service, adding or removing Add-ons or purchasing hardware).
- (h) If one Eligible Sharing Product is disconnected or ports out to another telecommunications provider then any Eligible Sharing Products remaining in the Sharing Group will continue to share.
- (i) You remain responsible for the use of all Eligible Sharing Products on your account, including all excess or excluded usage or other fees that may be incurred by yourself or other users on your account. If you do not want an Eligible Sharing Product to be part of a Sharing Group you can opt-out by calling 1555 or going into a Vodafone store.

Use of the Primary Account PIN:

You will be issued a Primary Account PIN. You must keep this Primary Account PIN confidential and must not disclose the Primary Account PIN to any other party, including those who you grant access to Eligible Sharing Products connected to your account (if any). Doing so will compromise privacy across the entire range of Products connected to your account (for example, the itemised usage information (including calls, texts and data usage) of each Eligible Sharing Product may become visible and accessible by all other users in the Sharing Group if the Primary Account PIN is shared). It may also compromise the security of sensitive information such as credit card details, and will allow those with access to the PIN to, amongst other things, add, cancel or change services connected to the Primary Account and/or purchase additional hardware, which is otherwise the exclusive right of the Account Holder.

Data Services

- (a) For Products that provide data access capabilities, a data session:
 - i) **Starts** when you begin internet activity, either directly or indirectly* on your mobile device; and
 - ii) **Ends** when your data connection is lost. This will happen when:
 - 1. You turn your mobile device off;
 - 2. Turn data connection off;
 - 3. Switch to flight mode;
 - 4. When you lose network reception; or
 - 5. Your mobile device has not sent or received data for a period of time.

*Direct internet activity is when you prompt your mobile device to send or receive data from the internet. For example: when you send an email. Indirect internet activity is when your mobile device or mobile applications are set up to send or receive data from the internet on your behalf. Examples include (but are not limited to): Email notifications via Gmail, notification of Tweets or Facebook posts which mention you and software or weather updates.

- (b) When using data services, some internet services, including web sites and email, may not be accessible.
- (c) Subject to your rights under the Competition and Consumer Act 2010 or other relevant legislation (including, but not limited to, the Australian Consumer Law), Vodafone does not make any warranty regarding any software or data provided or available to you in connection with data services, including with respect to how that software or data operates on your device or interacts with applications.
- (d) Unless otherwise stated, data usage is measured as the combination of both data you send (upload) and receive (download).

International Roaming

- (a) Your Plans Included Data offered with any Add-Ons you have purchased, International Minutes included with any IDD Add-Ons you have purchased, and any Additional Data allowances and/or any Auto International Minute Blocks you have triggered can be used in Australia, on Vodafone networks. You can also use your Plan Allowance, Included Data offered with any Add-Ons you have purchased, International Minutes included with any IDD Add-Ons you have purchased and any Additional Data allowances and/or any Auto International Minute Blocks overseas while ever you:
 - a. remain opted-in to Vodafone \$5 Roaming (you are automatically opted-in to \$5 Roaming upon activation however, you can opt-out at any time by calling 1555 or visiting a Vodafone store); and
 - b. are roaming in an Eligible Country.
- (b) In return for this service, when you (or, for Sharing Groups, any member of a Sharing Group) perform a Trigger Event (which includes, but is not limited to, making or receiving a call, sending a text or using any amount of data) in an Eligible Country on any given day, we will apply the **Daily Charge** to your account. For the avoidance of doubt, the \$5 Daily Charge is payable per day per service – so, by way of example, for Sharing Groups, if two members of the Sharing Group both perform a Trigger Event on the same day, the \$5 Daily Charge will be payable for **both** services.
- (c) The \$5 Roaming Daily Charge is charged in addition to your plan fees.
- (d) \$5 Roaming is limited to a maximum usage of 90 days per calendar year. We may remove Vodafone \$5 Roaming from your service if you do not comply with this condition.
- (e) If you opt-out of Vodafone \$5 Roaming, or if you are opted-in but are roaming in a country which is not an Eligible Country, you will be charged according to Vodafone Pay-As-You-Go rates which can be found at Vodafone.com.au/roaming.
- (f) For full terms and conditions in relation to Vodafone \$5 Roaming, and for details on the Daily Charge, Eligible Countries, Trigger Event(s) and Vodafone Pay-As-You-Go rates, please go to vodafone.com.au/roaming.

Terms & Conditions: Vodafone Postpaid Plans

Rates and charges

- (a) Details of the rates and charges, including any minimum spends which apply to the Products are contained in the Terms. The minimum total cost over contract term is calculated by multiplying the minimum monthly spend by the contract term.
- (b) The Products feature a Plan Allowance which is made up of an Included Data allowance, an "Included International Minutes" allowance (on MyMix Vodafone Red Global and Red Global SIM Only Plan Products and selected Vodafone Red Plan and SIM Only Plan Products only) and an "Infinite" allowance (which provides you with infinite access to many (but not all) service available from Vodafone – see Section 4 below for full details).
- (c) If usage of a Product exceeds any part of your Plan Allowance, or you use a service that is not payable from your Plan Allowance, you will be charged an amount additional to your minimum monthly spend.
- (d) Unless otherwise stated, if you do not use all your included Plan Allowance in the relevant month, any remaining Plan Allowance is forfeited, is not refundable, and will not carry over into any other month.
- (e) Once your Included Data allowance (and any Included Data offered with a Data Add-on, if applicable) has been exhausted, any additional data usage in that billing month on your account will be charged in blocks of 1GB for a cost of \$10 per block (Additional Data). Additional Data blocks will be triggered both in Australia and in Eligible Countries (if you are opted-in to \$5 Roaming). There is no limit to how many Additional Data blocks you can trigger. For example, if your plan has 1GB of monthly Included Data but you use a total of 3.5GB of data in that month, you will be charged \$30 in Additional Data charges (as you have triggered 3 x 1GB Additional Data blocks). Any unused Additional Data is forfeited at the end of the billing month and is unable to be rolled over, transferred, exchanged or redeemed for cash. Charges for Additional Data cannot be paid from your Vodafone Red Plan Product, MyMix Red Play Plan Product, Vodafone Red Data Plan Product, MyMix Red Data Plan Product, MyMix Red Global Plan Product, Vodafone Red SIM Only Plan Product, Vodafone Red Data SIM Only Plan Product, MyMix Red Data Plan Product, MyMix Red Play SIM Only Plan Product or MyMix Red Global SIM Only Plan Product's Plan Allowance and will be charged on top of your minimum monthly spend. If you have a Vodafone Data Add-on Product that you purchased prior to 2 July 2014 but you sign up to a Vodafone Red Plan Product, MyMix Red Play Plan Product, Vodafone Red Data Plan Product, MyMix Red Data Plan Product, MyMix Red Global Plan Product, Vodafone Red SIM Only Plan Product, Vodafone Red Data SIM Only Plan Product, MyMix Red Data Plan Product, MyMix Red Play SIM Only Plan Product or MyMix Red Global SIM Only Plan Product on or after 2 July 2014, you agree that the Additional Data rate will apply to your usage, and not any other rate for excess data that has previously applied on your existing Vodafone Data Add-on Product until that point. For the avoidance of doubt, if your account includes a Sharing Group, any member of that Sharing Group can trigger the Additional Data charge, but all Additional Data allowances will then be shared amongst the Sharing Group as normal.
- (f) MyMix Red Global Plans and selected Vodafone Red Plan & Red SIM Only Plan Products include an International Minutes Allowance which can be used to make standard international voice calls to the countries listed at www.vodafone.com.au/internationalcountries (Selected Countries and/or Super 1000 Countries) (see Section 4 below for details on which plans include an International Minutes Allowance). The following terms apply to international calling:
 - a. If your product **does not** have an International Minutes Allowance and you make a standard voice call to one of the Selected Countries, you will be automatically charged \$6, which will provide you with an allowance of 60 minutes of standard voice calls to be applied across any of the Selected Countries (**Auto International Minute Blocks**). The Auto International Minute Blocks will recur automatically whenever the 60 minute allowance is exhausted. All calls are charged in per minute increments.
 - b. If your Product **does** have an International Minutes Allowance, then once this International Minutes Allowance has been exhausted, if you make any additional standard international voice calls to a Selected Country in that billing month then the Auto International Minute Blocks will automatically apply on a recurring basis as described in clause f(i) above. All calls are charged in per minute increments/
 - c. For any standard voice calls made to a country that is not a Selected Country or a Super 1000 Country, standard international charges apply – see Section 4 below for services that are or are not included in your Plan Allowance and the rate at which additional and excluded services will be charged.
 - d. Auto International Minute Blocks will be triggered both in Australia and in Eligible Countries (if you are opted-in to \$5 Roaming).
 - e. There is no limit to how many Auto International Minute Blocks you can trigger. For example, if your plan has 150 minutes of monthly included standard international voice calls to Selected Countries but you use a total of 300 minutes of international calling to one or more of the Selected Countries in that month, you will be charged \$18 in additional international calling charges (as you have triggered 3 x \$6 Auto International Minute Blocks). For the avoidance of doubt, if your account includes a Sharing Group, any member of that Sharing Group can trigger an Auto International Minute Block (but the included minutes cannot be shared amongst the group) (refer to the paragraph titled "Sharing" in Section 2 – Important Things You Need to Know).
 - f. Any un-used International Minutes Allowance and/or Auto International Minute Blocks are forfeited at the end of the billing month and are unable to be rolled over, transferred, exchanged or redeemed for cash.
 - g. Charges for Auto International Minute Blocks cannot be paid from your Product's Plan Allowance and will be charged on top of your minimum monthly spend.
 - h. The Selected Countries and Super 1000 Countries may change from time to time. The current full list of countries can be found at www.vodafone.com.au/internationalcountries. Vodafone will provide reasonable notice on this website of any changes to the Selected Countries.
- (g) Unless otherwise stated, Section 4 below titled "Vodafone Rates: What is Included in my Product's Plan Allowance? Specifies which services are or are not included with your included Plan Allowance and the rate at which additional and excluded services will be charged. Each charge is rounded up to the nearest cent before GST is included.
- (h) Unless otherwise stated, rates specified for services are GST inclusive.
- (i) Unless otherwise stated, call usage is billed in blocks of 60 second increments. Usage is rounded up to the end of the current increment.
- (j) Unless otherwise stated, data usage is charged in per kilobyte blocks.
- (k) All rates and charges are subject to change. Vodafone will comply with relevant regulations and industry codes with respect to such changes.

\$50 Data Add-on 12 Months	\$50	12 Months	12GB	\$25 x remaining months on contract	\$600

(b) The data Add-on Products offer an Included Data allowance. Included Data can be used to upload and download data to and from the internet via a compatible mobile handset. Included data is credited to you for payment of the Minimum Monthly Spend.

(c) If you do not use all your Data Add-on's Included Data in the relevant billing month, any remaining Included Data is forfeited, is not refundable, and will not carry over into any other month.

(d) Data is deducted in per KB increments. Data usage is deducted from your voice plan product's Included Data allowance first. Once this is exhausted, any further data usage will be deducted from your Data Add-On's Included Data allowance. Thereafter, any additional data use will be charged as per the applicable additional data rate for your voice plan product – refer to your specific plan's additional data charge rate for details.

(e) For Vodafone Vodafone Month to Month Data Add-on Products, the Minimum Monthly Spend is payable for each full monthly billing cycle in arrears. Cancellation will take effect from the end of the month in which you tell us you wish to stop receiving the Vodafone Month to Month Data Add-on Product. You will be billed until the end of that month.

(f) If there is no longer at least one active voice plan on your account, any remaining Data Add-ons will automatically be cancelled (and, if your Data Add-On is a 12 Month Data Add-on, Early Exit Fees will apply).

(g) Early Exit Fees will apply (see table) where you cancel a Vodafone 12 Month Data Add-on Product before the end of the contract term.

(h) The Minimum Monthly Spend of the Data Add-On will not be pro-rated when the Data Add-on is purchased or cancelled part way through a billing month.

(i) If the Data Add-on is added to an account which has an active Sharing Group, the Data Add-On's Included Data will be added to the shared data pool and will be accessible by all eligible users.

(j) There is a maximum of one Data Add-on Product per service at any one time. However, you may change from one Vodafone Month to Month Data Add-on Product to another Vodafone Month to Month Data Add-on Product or from one Vodafone 12 Month Data Add-on Product to another Vodafone 12 Month Data Add-on Product by calling Vodafone Customer Care, and agreeing to the terms and conditions of the new Data Add-on Product. The following rules apply.

- a. For Vodafone Month to Month Data Add-on Products, no change fee will apply. If you move from one Vodafone Month to Month Data Add-on Product to another part way through your billing cycle, you will be charged the full Minimum Monthly Spend for both the old Vodafone Month to Month Data Add-on Product and the new one – no pro-rata discounts/refunds will apply. You will continue to be able to access any remaining data on your original Vodafone Month to Month Data Add-on Product, as well as the full monthly entitlement of your new Vodafone Month to Month Data Add-on Product in that given billing month.
- b. For Vodafone 12 Month Data Add-on Products, if you are changing to another Vodafone 12 Month Data Add-on Product with a higher Minimum Monthly Spend, no change fee applies.
- c. For Vodafone 12 Month Data Add-on Products, if you are changing to another Vodafone 12 Month Data Add-on Product with a lower Minimum Monthly Spend, a change fee equivalent to 50% of the monthly spend on your original Data Add-on x the months remaining on the contract will apply.
