Checking your usage

Check your call, TXT and data use here and overseas at myvodafone.com.au or call us for free from your Vodafone Mobile on 1555 (when in Australia) or +61 414 141 414 (when overseas). Only the primary account holder may access this information.

PIN Security

You will be issued a Primary Account PIN. You must keep this Primary Account PIN confidential and must not disclose the Primary Account PIN to any other person, including those who are entitled to be connected to your Product(s). Doing so will compromise privacy across the entire range of connections to your account (for example, the call records, usage information of each connection to your Product (s) may become visible and accessible by all other users in the group if the Primary Account PIN is shared). Disclosure of your Primary Account PIN may also compromise the security of sensitive information such as credit card details, and will allow those with access to the PIN to, amongst other things, add or change services connected to your account and/or purchase additional hardware.
