

Quick Start Guide.

Vodafone Wi-Fi Hub™

Vodafone
Power to you

Welcome.

Thank you for choosing Vodafone.

This guide will help you connect your Vodafone Wi-Fi Hub™ so you can enjoy the benefits of Vodafone nbn™.

For further hints and tips, including how to change modem settings and other important information, visit www.vodafone.com.au/support.

1 Getting to know your Vodafone Wi-Fi Hub™

Please take the time to check what's in your Vodafone Wi-Fi Hub™ box as well as the various lights, buttons and ports on your device.

What's in the box?

VODAFONE WI-FI HUB™

QUICK START GUIDE

WI-FI REMINDER CARD

**POWER
ADAPTOR**

**GREY
TELEPHONE CABLE**

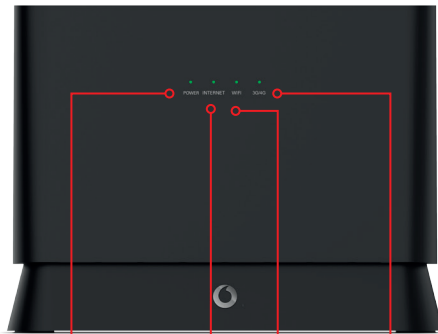

**RED
ETHERNET CABLE**

LAN Ports

WAN Port

Power Inlet

Power Button

Side panel

A WPS button can be found on the side panel.

WPS button

Hold down the WPS button on the Vodafone Wi-Fi Hub™ to connect your compatible Wi-Fi device password free.

2 Setting up Wi-Fi before your nbn™ service is connected

Your Vodafone Wi-Fi Hub™ comes with an instant start connection which uses our 3G/4G network to allow you to connect to the internet before your nbn™ service is fully activated. To find out where we have 4G see vodafone.com.au/coverage.

A Connect your compatible Wi-Fi devices to the Wi-Fi Network Name (‘the SSID’) using the Wireless Key (‘the Wi-Fi password’) either from the Wi-Fi Reminder Card that came in the box or from the label underneath your Vodafone Wi-Fi Hub™.

Network Name – the names of the Wi-Fi hotspots broadcast by your Vodafone Wi-Fi Hub™.

Wireless Key – the password to be used to login to the Wi-Fi hotspots.

Dashboard Login – once connected to your Vodafone Wi-Fi Hub™ this is the URL and login details to use to access the dashboard.

B You may also choose to change the default Wi-Fi Network Name and Wireless Key to make them easier to remember. You can do this through the Vodafone Wi-Fi Hub™ dashboard. Refer to section 4 of this guide for information on how to access the dashboard.

3 Connecting to the nbn™ once your service is ready

When you receive an email from us that your nbn™ service has been successfully activated it's time to complete the setup of your Vodafone Wi-Fi Hub™.

A Connecting to your Power Supply

Connect one end of the power adaptor to your Vodafone Wi-Fi Hub™ and the other end into a power point and switch this on.

B Set up your nbn™ Broadband connection

For FTTP (Fibre to the premises) and HFC connections:

You will need to connect your Vodafone Wi-Fi Hub™ to the nbn™ supplied device at your premises.

WAN Port

For FTTP connections:

Connect the Ethernet cable (the one with the red ends) and plug one end into the red WAN port of your Vodafone Wi-Fi Hub™ and the other end into the first UNI-D Port on your NTD which nbn™ have installed, this port can be found on the bottom of the NTD.

For HFC connections:

Connect the Ethernet cable (the one with the red ends) and plug one end into the red WAN port of your Vodafone Wi-Fi Hub™ and the other end into the UNI-D Port on your NTD which nbn™ have supplied, this port can be found on the back of the NTD.

DSL Port

For FTTN connections:

Connect one end of the grey telephone cable directly into your telephone wall socket, and the other end into the grey DSL port on the Vodafone Wi-Fi Hub™.

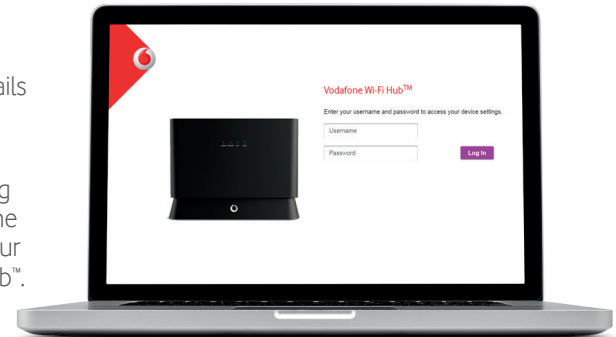

nbn™ may need to install a device on your premises

4 Advanced settings

Your Vodafone Wi-Fi Hub™ comes with a dashboard which allows you to:

- Change your Wi-Fi Network Name and Wireless Key details
- Manage advanced internet and Wi-Fi settings

Once connected to your Vodafone Wi-Fi Hub™ via Wi-Fi or an Ethernet cable you can access the dashboard by typing **<http://vodafonewifihub>** into your browser and using the login details printed on the Wi-Fi Reminder Card within your box or from the label underneath your Vodafone Wi-Fi Hub™.

5 Troubleshooting tips

If you are experiencing difficulties connecting via Wi-Fi or when using an Ethernet cable, please try the following:

- A** Power the device off
- B** Check that the cables have been plugged in correctly
- C** After 2 minutes, power on the device again
- D** Wait for the internet light to turn solid green

If you are still experiencing difficulties connecting you can access more information, troubleshooting check lists and video guides on the My Vodafone app on your mobile. Visit [myvodafone.com.au/contact us](http://myvodafone.com.au/contact-us)
